

LUTRONIC
Intelligent Care™

Action II™

Action II is the intelligent choice for practitioners who wish to provide patients with versatile, reproducible resurfacing results and improved women's health. Erbium:Yag is the perfect wavelength for delivering outstanding results with low downtimes and reducing risk of complications.

For International Use

Fractional & Full-Field Erbium:Yag Laser For Dermatology

INTUITIVE

- Proprietary “dual” mode automatically combines long & short pulses
- Four handpieces
- Quickly and easily balance results and downtime

INNOVATIVE

- No disposables
- High-revenue procedures for high ROI

EFFECTIVE

- Ability to tune amount of coagulation and ablation
- Delivers laser energy at the desired density and depth
- Anything from a light, no-downtime “Shining Peel” to a deep, ablative resurfacing or women’s health treatment, or anything in between!

DEPENDABLE

- Highly reliable and adaptable resurfacing & women’s health device
- Low cost of ownership
- Hundreds of systems sold globally

Unmatched Clinical Versatility

WIDE RANGE OF APPLICATIONS

- Wrinkles & Texture
- Scars (Acne, Burn, Surgical, etc.)
- Dyschromia & Unwanted Pigment
- Solar/Actinic Keratosis
- Nevi and Skin Blemishes
- Incision & Excision Capabilities (Warts, etc.)
- Women’s Health
